Summary

Known for a strong work ethic, commitment, and a disciplined approach to coding. Demonstrates a respectful attitude, serious dedication to projects, and a determined mindset to overcome challenges. Proven ability to deliver high-quality results and contribute effectively to team goals.

Experience

Web Developer   Jan 2021 - Present
Various Projects
- Contributed to the design and development of responsive websites, ensuring high performance and user experience.
- Implemented features using HTML, CSS, JavaScript, and PHP as part of a team.
- Collaborated with team members to understand project requirements and deliver tailored solutions.

Intern Developer   *Dec 2022 – Mar 2023*
Maxgen Technology Pvt Ltd
Maxgen Technology Pvt Ltd is an award-winning web design, web development, and mobile app development company.
- Developed a comprehensive shopping site, including both customer-facing and admin interfaces.
- Utilized HTML, CSS, and PHP to create a seamless and efficient user experience.
- Praised for sincerity, hard work, and full devotion to the project.

Education

B-Tech in Information Technology   2023-Current
Parul Institute of Engineering and Technology
Diploma in Engineering, Information Technology   *2020 - 2023*
Parul Polytechnic Institute

Skills

Programming Languages: Python, Java, JavaScript, PHP.
Web Development: Flask, Django, HTML, CSS.
Databases: MongoDB, Mysql.
Design & Editing: Adobe Photoshop, Adobe Premiere Pro, Adobe Acrobat, Adobe After Effects.
Sound Production: Fl Studio, Fl Studio Plugins.
Soft Skills: Disciplined, Problem Solving, Analyzing, Listening.

Projects & Self Study

Projects:
1. **Shopping Website:** Technologies: HTML, CSS, PHP
   Developed a full-featured shopping site with customer and admin interfaces.
2. **Nature Sounds playing Website:** Technologies: HTML, CSS, Python, Flask, MongoDB, playsound module.
   Created a website to play various nature sounds, enhancing user relaxation.
3. **Assisted with Portfolio Websites:** Assisted in developing multiple portfolio websites, showcasing skills and projects.

Self-Study & Exercises:
- Debugged and solved code errors in various projects, improving functionality and performance.
- Conducted bug testing in open-source websites to enhance reliability.
- Solved 50+ coding exercises, enhancing problem-solving skills and programming knowledge.
- Created 40+ sound samples and copyright-free music for videos (2016-2023).
- Edited 50+ videos with captions (2017-current).
